This is a group email to everyone on my team or looking to join my team. I wanted to share my pay day with you to inspire you and see what a very normal guy from Utah is accomplishing with his favorite investment.

I have 45,933 reasons to be grateful for Life Settlements and the mentors that helped me learn this asset and how to market it appropriately. When you get going in this investment and making good money, do not forget to thank God for the blessing. Also make sure to thank JT [redacted], Rick [redacted] and Carol [redacted] for all their hard work and support. We have an incredible team.

I see most of you being better than I am at this in a very short time. As I have trained with you and coached you, I can see how much faster you will be up and running compared to us old dogs that had to figure it all out.

Thank you for being on my team! Please let me know how else I can be helpful. Use Rick [redacted] and his wisdom as often as needed. There is great money to be made with this safe investment and it truly helps your clients and the folks that need to get out of their contracts.

Congrats to Rick K and Brian L for their pay outs. Congrats to Brian L, Rick K, Ashley W and Steve S on the contracts you took recently. If you are having success please share it with me as it brings me so much happiness to hear you are succeeding!!!

Have a great weekend!
